

SECTION 111
ADVERTISEMENT FOR BIDS

Village of Edgar
Edgar, Wisconsin
Thomas Hill Road Lift Station Replacement

General Notice

Village of Edgar is requesting Bids for the construction of the following Project:

Thomas Hill Road Lift Station Replacement
20540057

Bids for the construction of the Project will be received at the Edgar Village Hall located at 224 S. Third Avenue, Edgar WI, until Thursday, December 22, 2022, at 10:00am local time. At that time the Bids received will be publicly opened and read.

The Project includes the following Work:

The project consists of replacing the existing submersible lift station with a new submersible pump lift station. The existing lift station will remain in service during the project and will be removed at the project conclusion. The project includes new electric service, site grading, and access improvements. The owner will make arrangements for the new electric service with WPS. The current wet well will become a sanitary sewer manhole with the bottom 3.5 ft filled with stone and a new concrete floor, fillets, and channels to direct flow to the new wet well.

Bids are requested for the following Contract: Thomas Hill Road Lift Station Replacement/20540057

Obtaining the Bidding Documents

Information and Bidding Documents for the Project can be found at the following designated website:

www.questcdn.com

Bidding Documents may be downloaded from the designated website. Prospective Bidders are urged to register with the designated website as a plan holder, even if Bidding Documents are obtained from a plan room or source other than the designated website in either electronic or paper format. The designated website will be updated periodically with addenda, lists of registered plan holders, reports, and other information relevant to submitting a Bid for the Project. All official notifications, addenda, and other Bidding Documents will be offered only through the designated website. Neither Owner nor Engineer will be responsible for Bidding Documents, including addenda, if any, obtained from sources other than the designated website.

The Issuing Office for the Bidding Documents is:

Cooper Engineering, Inc.
2600 College Drive, PO Box 230, Rice Lake WI 54868

Prospective Bidders may obtain or examine the Bidding Documents at the Issuing Office on Monday through Friday between the hours of 8 a.m. to 4 p.m. and may obtain copies of the Bidding Documents from the Issuing Office as described below. Partial sets of Bidding Documents will not be available from the Issuing Office. Neither Owner nor Engineer will be responsible for full or partial sets of Bidding Documents, including addenda, if any, obtained from sources other than the Issuing Office.

Printed copies of the Bidding Documents may be obtained from the Issuing Office upon payment of a nonrefundable fee of \$50.00 for each set. Make checks for Bidding Documents payable to Cooper Engineering Company, Inc. Bidding Documents may be purchased from the Issuing Office during the hours indicated above, in person. Full sets of specifications and plans will be provided at the time the check is received at the Issuing Office. Cost does not include shipping charges. Upon Issuing Office's receipt of payment, Bidding Documents or electronic documents on compact disk will be sent via the prospective Bidder's delivery service. The shipping charge amount will depend on the shipping method chosen.

Instructions to Bidders.

For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

American Iron and Steel

Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:

De Minimis,
Minor Components,
Pig iron and direct reduced iron
